22 September 2026

Dear Katie

Re: Betchworth Parish Council
Internal Audit Report for Financial Year Ended 31 March 2027 – Interim Audit Report

Executive summary

Following completion of our interim internal audit on 22 September 2026, we are pleased to enclose our report for your review and presentation to the council. The audit was conducted in accordance with current professional standards and guidelines, employing a risk-based approach to our testing. While not all transaction were examined, our sample testing, where appropriate, covered the financial year to date.

The structure of this report aligns with the assertions set out in the Annual Internal Auditor Report section of the Annual Governance and Accountability Return (AGAR). Each section begins with a summary of the assertion being assessed, followed by details of the testing undertaken, which was guided by the audit plan. A copy of the audit plan is available within our Internal Audit Guide and follows the requirements of the Smaller Authorities Proper Practices Panel (SAPPP) Practitioner's Guide.

The report concludes with our opinion on whether each assertion has been met as of the date of the interim audit. Where the standard has not been met, we have set out the required action for the council to take to meet the requirements by the year-end internal audit. **Any recommendations for action are highlighted in bold and summarised in the table at the end of this report.**

Our testing did not identify any procedural errors requiring reporting to the external auditor at this time, nor did we observe any material weaknesses in internal controls that would pose a risk to public funds. We are pleased to report that overall, the systems and procedures currently in place are appropriate and effective. While this report may include recommendations for improvement, these should not be viewed as indicators of significant deficiencies. Rather, they are intended to support the continued development of what is, in our view, a well-managed and robust governance framework.

Regulation

The Accounts and Audit Regulations 2015 require smaller authorities, each financial year, to conduct a review of the effectiveness of the system of internal control and prepare an annual governance statement in accordance with proper practices in relation to accounts. In addition to this, a smaller authority is required by Regulation 5(1) of the Accounts and Audit Regulations 2015 to “undertake an effective internal audit to evaluate the effectiveness of its risk management, control and governance processes, taking into account public sector internal auditing standards or guidance.”

Internal auditing is an independent, objective assurance activity designed to improve an organisation’s operations. It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes. Where we have provided other support to the council, a separate individual will be assigned as the internal auditor to maintain that independence.

The primary purpose of internal audit is to assess and report to the authority on the effectiveness of its financial systems and other internal controls, including the operational procedures that support its activities.

The internal audit function involves testing and evaluating whether the authority’s internal control framework is both adequate and functioning effectively. Internal audit reports should be made available to all Members, providing a basis for informed decision making when considering the authority’s approval of the Annual Governance Statement.

Independence and competence

Your audit was conducted by Andy Beams of Mulberry Local Authority Services Ltd, who has over 36 years’ experience in the financial sector with the last 16 years specialising in local government.

In accordance with paragraphs 4.9 to 4.11 inclusive of the SAPPP Practitioner’s Guide, we confirm that your auditor is independent from the management of the financial controls and procedures of the council and has no conflicts of interest with the audit client, nor do they provide any management or financial assistance to the client.

We further confirm that Mulberry Local Authority Services Ltd, as experience sector specialist internal auditors are competent to complete the internal audit process.

We remind the council of the requirements of paragraph 4.11 of the SAPPP Practitioner’s Guide requiring councils to review the independence of the appointed internal auditor annually.

Engagement Letter and inherent risk assessment

An engagement letter was previously issued to the council covering the 2026/27 internal audit assignment, which includes the scope and plan of works and fee structure. Copies of this document are available on request from anna@mulberrylas.co.uk

In summary, our work will address each of the internal control objectives as stated on the Annual Internal Audit Report of the AGAR.

It is our opinion that the inherent risk of error or misstatement within the council’s financial systems is low. The internal control environment is considered reliable, and as such, substantive testing of individual transactions is not deemed necessary at this stage.

Audit testing will therefore consist of walk-through testing on a selection of sample data, covering the period under review within the current council year. This approach is designed to confirm that key controls are operating effectively throughout the financial period.

Internal Audit – Summary of recommendations	20

INTRODUCTION

The council has an ongoing engagement with Mulberry Local Authority Services Ltd for the provision of internal audit services, with the most recent reappointment agreed at the meeting held in April 2026.

I remind the council that in accordance with 4.11 of the Practitioner's Guide 'the independence of the appointed person or firm should be reviewed every year with regard to; personal independence, financial independence, and professional independence.'

The audit was conducted on site with the Clerk, who also acts as the council's Responsible Financial Officer (RFO). The Clerk had prepared the information advised in advance of the visit, and overall, I have the impression that accounting records are neatly maintained and easily accessible.

Other information was reviewed through discussion with the officers and a review of the council website www.betchworth-pc.gov.uk

A. BOOKS OF ACCOUNT

Internal audit requirement

Appropriate accounting records have been kept properly throughout the year.

Audit findings

The council uses Excel for recording the council's finances. The Clerk has designed a suite of spreadsheets that include transactional information, budget performance, projected figures and details of reserve balances held, and these are updated regularly with management information provided for review at council meetings.

I conducted a sample of invoices drawn at random and can confirm the underlying documentation was easy to locate, agreed to the cashbook details and relevant bank statements. I make no recommendation to change in this system.

Check receipt of VAT refund matches last submitted VAT return

I reviewed the submission for the period covering 1 April to 31 August which showed a refund amount due of £2,117.02 and was fully supported by the required details.

I was able to confirm receipt of this amount to the council's bank account on 16 September 2026. The council is up to date with its VAT submissions.

CONCLUSION

I am satisfied this internal control objective has been met.

B. FINANCE REGULATIONS, GOVERNANCE AND PAYMENTS

Internal audit requirement

This authority complied with its Finance Regulations, payments were supported by invoices, all expenditure was approved, and VAT was appropriately accounted for.

Audit findings

Confirm by sample testing that councillors sign statutory office forms

I confirmed by sample testing that councillors sign "Acceptance of Office" forms together with a formal acceptance to receive information by electronic means in the form "As per Schedule 12 of the Local Government Act 1972, I consent to the receipt of all council meeting papers by electronic methods. I understand I may withdraw this consent at any time."

The council website includes a link to the principal authority where the individual Register of Members' Interests forms are published. **I remind the council that the Localism Act 2011, section 29 (7) states 'A parish council must, if it has a website, secure that its register is published on its website' and I recommend the website is amended accordingly.**

Confirm that the council meets regularly throughout the year

The council meets regularly with a diary of future meeting dates and historic agendas and minutes for meetings available on the council website.

Check that agendas for meetings are published giving 3 clear days' notice

I was able to confirm that at least 3 clear days' notice is given on agendas. Whilst we have not tested every single committee and council meeting there was no evidence of non-compliance in giving three clear days' notice of the meeting.

I note the council publishes the non-confidential supporting documents, although these are currently published with the minutes and should accompany the agendas on the council website in accordance with the requirements of the Information Commissioner's Office (ICO).

Check the draft minutes of the last meeting(s) are on the council's website

Minutes are routinely uploaded to the council website.

Confirm that the Parish Council's Standing Orders have been reviewed within the last 12 months

The Standing Orders are based on the National Association of Local Councils (NALC) model and were most recently reviewed and adopted by council on 11 May 2026 (minute ref 44).

Confirm that the Parish Council has adopted and recently reviewed Financial Regulations

Financial Regulations are based on the NALC model and were last reviewed and adopted by council on 11 May 2026 (minute ref 44). The regulations contain provisions for the approval of spending, setting of budgets, reconciliation of the bank and reporting to council.

Check that the council's Financial Regulations are being routinely followed

Procurement

The council's adopted Financial Regulations include processes relating to procurement and include the following:

FR 5.6 *For contracts estimated to exceed £60,000 including VAT, the Clerk shall seek formal tenders from at least three suppliers agreed by the council. Tenders shall be invited in accordance with Appendix 1.*

- FR 5.7 For contracts estimated to be over £30,000 including VAT, the council must comply with any requirements of the Legislation regarding the publication of invitations and notices.*
- FR 5.8 For contracts greater than £5,000 excluding VAT the Clerk shall seek at least two fixed-price quotes;*
- FR 5.9 Where the value is between £500 and £5,000 excluding VAT, the Clerk shall try to obtain two estimates which might include evidence of online prices, or recent prices from regular suppliers.*
- FR 5.10 For smaller purchases, the clerk shall seek to achieve value for money.*

I note the footnote in this section of the Financial Regulations refers to requiring the council to use the Contracts Finder website – this has been superseded by the updated Procurement Regulations and the council is advised to ensure that whenever updating Standing Orders and Financial Regulations, the latest NALC template version is used to ensure any legislative changes are incorporated.

I tested a sample of a procurement exercise completed by the council and was able to confirm that the requirements of Financial Regulations 5.6 to 5.10 have been followed in obtaining prices from suppliers.

Authorisation

The council's adopted Financial Regulations include thresholds at which authorisations to spend must be obtained as below:

FR 5.15 Individual purchases within an agreed budget for that type of expenditure may be authorised by:

- the Clerk under delegated authority, for any items below £500 excluding VAT.*
- the Clerk, in consultation with the Chair of the Council and Finance Group, for any items below £2,000 excluding VAT.*
- the council for all items over £2,000;*

Such authorisation must be supported by a minute (in the case of council or committee decisions) or other auditable evidence trail.

For Operational items the Clerk is authorised to spend up to £100 without the need for written approval but will evidence spend by minuting this at Council.

FR 5.18 In cases of serious risk to the delivery of council services or to public safety on council premises, the clerk may authorise expenditure of up to £2,000 excluding VAT on repair, replacement or other work that in their judgement is necessary, whether or not there is any budget for such expenditure. The Clerk shall report such action to the Chair as soon as possible and to the council as soon as practicable thereafter.

Based on the level of financial activity of the council, these authorisation thresholds appear appropriate.

I tested a sample invoice and was able to confirm that amounts have been properly authorised in accordance with the adopted Financial Regulations.

Payment

The council's Financial Regulations include a section covering the making of payments via online banking and state:

- FR 7.4 The Service Administrator shall set up all items for payment online.*
- FR 7.5 In the prolonged absence of the Service Administrator an authorised signatory shall make payments before the return of the Service Administrator.*
- FR 7.6 Evidence shall be retained showing which Councillors approved the payment for 6 years in line with the Councils retention policy.*
- FR 7.7 A full list of all payments made (excluding those approved under 7.8) in a month shall be provided to the council meeting and appended to the minutes.*
- FR 7.8 With the approval of the council in each case, regular payments (such as gas, electricity, telephone, broadband, water, National Non-Domestic Rates, refuse collection, pension contributions and HMRC payments) may be made by variable direct debit, provided that the instructions are approved by two authorised Councillors. The approval of the use of each variable direct debit shall be reviewed by the council at least every two years.*

I tested a sample payment and confirmed that the council makes payments via online banking in accordance with the council's adopted Financial Regulations, and payment lists are appended to the minutes of relevant meetings.

The council is reminded that dual authentication via online banking is the preferred option, and the council should consider instigating this and updating the Financial Regulations accordingly to add an additional layer of security to making payments.

Confirm the council has adopted the General Power of Competence (GPC) and met the eligibility criteria at the time of adoption, or if GPC not adopted, confirm all section 137 expenditure meets the guidelines and does not exceed the annual per elector limit of £11.60 per elector

The council has expenditure for the financial year within the section 137 allowable threshold.

Confirm that checks of the accounts are made by a councillor

The system noted above details internal review takes place and I am under no doubt that council properly approves expenditure.

CONCLUSION

I am satisfied this internal control objective has been met.

C. RISK MANAGEMENT AND INSURANCE

Internal audit requirement

This authority assessed the significant risks to achieving its objectives and reviewed the adequacy of arrangements to manage these.

Audit findings

The council's adopted Financial Regulations include a section covering Risk Management and state:

- FR 2.1 The council must ensure that it has a sound system of internal control, which delivers effective financial, operational and risk management.*
- FR 2.2 The RFO shall prepare, for approval by the council, a risk management policy covering all activities of the council. This policy and consequential risk management arrangements shall be reviewed by the council at least annually.*
- FR 2.3 When considering any new activity, the RFO shall prepare a draft risk assessment including risk management proposals for consideration by the council.*
- FR 2.4 At least once a year, the council must review the effectiveness of its system of internal control, before approving the Annual Governance Statement.*

The council has a financial risk assessment published on the council website covering the 2026/27 financial year. This was approved by council on 11 May 2026 (minute ref 44).

The Clerk provided me with an updated version which has just been approved by council, which is an enhanced version of that published and breaks down risks into topic areas, identifies the specific risk, assesses the risk level using a risk matrix based on the likelihood and severity of an occurrence, lists the management controls in place and a colour coded post mitigation risk level.

This is a comprehensive approach and includes analysis of all risks typically associated with a council of this size with its range of services and facilities.

The council has responsibility for playgrounds which are inspected regularly. An annual review is carried out by the District Council, with a monthly review carried out by a councillor. I discussed with the Clerk the need for appropriate training and record keeping of the monthly inspections and she confirmed that appropriate training provision is currently under investigation.

I confirmed that the council has a valid insurance policy in place with Zurich which covers the year under review.

The insurance policy includes Public Liability cover of £12 million, Employers Liability cover of £10 million and a Fidelity Guarantee level of £250,000 which is sufficient for a council of this size.

CONCLUSION

I am satisfied this internal control objective has been met.

D. BUDGET, PRECEPT AND RESERVES

Internal audit requirement

The precept or rates requirement resulted from an adequate budgetary process; progress against the budget was regularly monitored; and reserves were appropriate.

Audit findings

Budget

Regular detailed budget reports are produced from the spreadsheets and presented to council for review. The budget report dated July 2026 shows receipts reported as 55% of budget and payments at 33%. There is no evidence to suggest that the budget has not been accurately set and carefully monitored throughout the year.

There is evidence within the minutes of meetings that councillors regularly receive these budget reports for review, providing them with sufficient financial information to make informed decisions.

Precept

The council set a precept of £29,449 for 2026/27. With a tax base of 576.55, this equates to a band D equivalent of £51.08 (compared to the average in England of £99.79).

The Clerk confirmed that the 2027/28 budget setting process is underway, with a project list having been agreed. A draft budget will be prepared over the coming weeks, with the final budget and precept due to be agreed by the council meeting scheduled for January 2027.

Reserves

The Smaller Authorities Proper Practices Panel (SAPPP) Practitioner's guide provides updated guidance on the appropriate level of general reserves that councils should retain as below:

5.33 The general reserve of an authority comprises its cash flow and contingency funds to cover unexpected inflation, unforeseen events and unusual circumstances.

5.34 The generally accepted recommendation with regard to the appropriate minimum level of a smaller authority's general reserve is that this should be maintained at between three and twelve months of net revenue expenditure.

5.35 The reason for the wide range is to cater for the large variation in activity level between individual authorities. The smaller the authority, the closer the figure may be to 12 months expenditure, the larger the authority, the nearer to 3 months. In practice, any authority with income and expenditure in excess of £200,000 should plan towards 3 months equivalent general reserve.

5.36 In all of this it is important that each authority adopt, as a general reserve policy, the level appropriate to their size, situation, risks and plan their budget so as to ensure that the adopted level is maintained. Consideration of the minimum level of reserves requires not only consideration of level of income and expenditure but also the risks to that income.

5.37 Authorities with significant self-generated income (other than the precept or levy) should take into account situations that may lead to a loss in revenue as well as increased costs and adapt their general reserve accordingly.

At the date of the interim audit, the council held circa £101,767 in reserves, split between categories as below:

- CIL EMR £47,767
- Other EMR £4,000
- General Reserves £50,000

I checked the purpose of the earmarked reserves and am satisfied they are all for legitimate future planned projects of the council.

The general reserve balance is within the recommended range as detailed in the Practitioner's Guide.

CONCLUSION

I am satisfied this internal control objective has been met.

E. INCOME

Internal audit requirement

Expected income was fully received, based on correct prices, properly recorded and promptly banked; and VAT was appropriately accounted for.

Audit findings

Apart from the precept, the council receives income from a range of sources including allotments, burial ground, along with grants, bank interest and VAT refunds.

FR 13.2 states *'The council will review all fees and charges for work done, services provided, or goods sold at least annually as part of the budget-setting process, following a report of the Clerk. The Clerk shall be responsible for the collection of all amounts due to the council.'*

Fees are reviewed as part of the budget setting process, and the Clerk has completed a benchmarking exercise for burial fees for consideration this year.

I tested a sample invoice issued for the burial ground and was able to confirm rates charged were consistent with the council's published charging schedule.

I tested a sample of allotment documentation and was able to confirm that a register of tenants is maintained and that tenancy agreements with acceptance of terms and conditions exist, and confirmed that a formal burial register is maintained and up to date, and that interment and memorial documents are appropriately filed.

CONCLUSION

I am satisfied this internal control objective has been met.

F. CASH

Internal audit requirement

Cash payments were properly supported by receipts; all cash expenditure was approved and VAT appropriately accounted for.

CONCLUSION

The council has no cash expenditure and the testing for this internal control objective is not applicable.

G. PAYROLL

Internal audit requirement

Salaries to employees and allowances to members were paid in accordance with the authority's approvals, and PAYE and NI requirements were properly applied.

Audit findings

The council has two employees on the payroll. All staff members have a signed contract of employment, based on the NALC template, and the council is a member of the Nest pension scheme. **The Clerk has recently completed her probationary period, although this does not appear to have been formally noted by the council and I recommend this is completed.**

Payroll is processed is outsourced to a third party, who complete all the PAYE calculations and provide the information to the council each month. I reviewed the payroll summary and a sample of payslips, and the payroll deductions appear correct, and I was able to confirm the net salary payments.

There are no councillor allowances, although the Clerk is aware that if paid to eligible (elected) members, these must be processed through payroll and assessed for tax and national insurance.

CONCLUSION

I am satisfied this internal control objective has been met.

H. ASSETS AND INVESTMENTS

Internal audit requirement

Asset and investments registers were complete and accurate and properly maintained.

Audit findings

The SAPPP Practitioner's guide provides updated guidance on assets and asset registers as below:

- 5.58 *The asset register should contain in its most simple form the date of acquisition, cost of acquisition, useful life estimate and location along with value held for investments; however, it is desirable for the register to contain other such supplementary information to enable the user to better understand the nature and scope of the use of the fixed asset. It is therefore recommended to show insurance value, replacement value, custodian, date last physically vouched.*
- 5.59 *Each authority may choose an appropriate minimum value for deciding between fixed assets and general consumables. The limit chosen will relate to expected useful life, whether the item would be included on an insurance claim and whether it is included in the risk assessment of the authority in any way. This minimum level is to be minuted and reviewed at least annually. The rationale and methodology should be recorded in the minutes.*
- 5.60 *One item or group of similar items shall be regarded for inclusion in the fixed asset register.*
- 5.61 *Assets should be first recorded in the asset register at their actual purchase cost.*
- 5.62 *Assets that are either under construction or have not been brought into use should be included on the asset register only once complete and they benefit the community.*
- 5.63 *Obsolete assets that are no longer in use or are awaiting disposal should be clearly recorded as such.*
- 5.64 *Where an authority receives an asset as a gift at zero cost, for example by community asset transfer, it should be included with a nominal one pound (£1) value as a proxy for the zero cost.*
- 5.65 *Assets that do not have a functional purpose or any intrinsic resale value (for example, a village pond or war memorial) are often referred to as 'community assets.' Authorities should record community assets in the asset register in the same way as gifted assets.*
- 5.66 *The particular method of asset valuation is not specified in proper practices so authorities may use any reasonable approach to be applied consistently from year to year. The method of asset valuation adopted should be set out in a policy approved by the authority and recorded in the authority's minutes and in the asset register.*
- 5.67 *For authorities covered by this guide, the most appropriate and commonly used method of fixed asset valuation for first registration on the asset register is at acquisition cost. This means that the recorded value of the asset will not change from year to year, unless it is materially enhanced.*
- 5.68 *Commercial concepts of depreciation, impairment adjustments, and revaluation are not required nor appropriate for this method of asset valuation.*

5.69 *The total value of an authority's assets recorded on the asset register as at 31 March each year is reported at Line 9 on the authority's AGAR. Authorities should be able to track and explain fully any changes in the asset register from year to year.*

The council has a fixed asset register in place, maintained in an Excel format, which includes details of asset location, date of acquisition, purchase price and insurance value. Assets are correctly listed at cost/proxy cost, or where gifted/donated, given a nominal £1 value for the purpose of the asset register.

The SAPPP Practitioner's guide provides updated guidance on investments, and includes the following:

2.23 *Short-term investments, which mainly include deposit and savings accounts typically provided by banks, are those that display the following characteristics:*

- a. are denominated in pounds Sterling;*
- b. be realisable at full value on demand or have a maturity end date of **not more than 12 months**;*
- c. the whole of the original sum invested can, from the time that the investment is made, be accessed for use by the authority without any reduction; and*
- d. the authority has assessed the counterparty and is satisfied that the original sum invested is not subject to unreasonable risk.*

2.26 *A long-term investment arises where the authority invests money in anything other than a short-term investment.*

5.30. *In deciding whether it is appropriate to make long-term investments, the authority should follow the [Ministry Guidance](#) on local government investments.*

5.189 *Long-term investments should be recorded in the asset and investments register at original cost at acquisition (the purchase price) which for accounting purposes will remain unchanged until disposal. It is recognised that the market value of long-term investments may change over time; therefore, at each year end, the RFO should make a note in the asset register of the notional market value of each investment as at 31 March to inform readers.*

The council's bank balances are below £100,000 and in accordance with the statutory guidance is not required to adopt an Investment Strategy.

The council has no long-term investments.

The council has no borrowing through the PWLB.

CONCLUSION

I am satisfied this internal control objective has been met.

I. BANK AND CASH

Internal audit requirement

Periodic bank account reconciliations were properly carried out during the year.

Audit findings

Financial Regulation 2.6 states 'At least once in each quarter, and at each financial year end, a Councillor other than the Chair shall be appointed to verify bank reconciliations for all accounts produced by the RFO. The Councillor shall sign and date the reconciliations and the bank statements as evidence of this. This activity, including any exceptions, shall be reported to and noted by the council and minuted.'

Bank reconciliations are completed monthly. I reviewed the bank reconciliations and was able to confirm the balances to the bank statements and found no errors.

I was able to confirm that the bank reconciliations have been verified in accordance with Financial Regulations, although evidence of this activity taking place does not appear to be recorded within the minutes of meetings and I recommend this is done in future.

As the council's annual budget is below the €500,000 (£430,950 as of 3 July comparative date) threshold, it is protected by the Financial Services Compensation Scheme (FSCS).

The council holds accounts with HSBC and Unity Trust. At the date of the internal audit, the balances held are within the £120,000 protection limit per financial institution offered by the FSCS.

CONCLUSION

I am satisfied this internal control objective has been met.

J. YEAR END ACCOUNTS

Internal audit requirement

Accounting statements prepared during the year were prepared on the correct accounting basis (receipts and payments or income and expenditure), agreed to the cashbook, supported by an adequate audit trail from underlying records and, where appropriate, debtors and creditors were properly recorded.

CONCLUSION

To be tested at the final internal audit.

K. LIMITED ASSURANCE REVIEW**Internal audit requirement**

If the authority certified itself exempt from a limited assurance review in the prior year, it met the exemption criteria and correctly declared itself exempt.

Audit findings

The council exceeded the threshold for exemption for the prior year.

CONCLUSION

The council did not certify itself exempt from a limited assurance review in the previous year and the testing for this internal control objective is not applicable.

L: PUBLICATION OF INFORMATION**Internal audit requirement**

The authority publishes information on a free to access website/webpage, up to date at the time of the internal audit in accordance with relevant legislation

CONCLUSION

To be tested at the final internal audit.

M: EXERCISE OF PUBLIC RIGHTS - INSPECTION OF ACCOUNTS**Internal audit requirement**

The authority, during the previous year, correctly provided for the period for the exercise of public rights as required by the Accounts and Audit Regulations.

Audit findings

Inspection – key dates	2025/26 Actual
Date AGAR signed by council	11 May 2026
Inspection period begins	3 June 2026
Inspection period ends	14 July 2026
Correct length (30 working days)	Yes
Common period included (first 10 working days of July)	Yes

I am satisfied the requirements of this control objective were met for the previous year, and assertion 4 on the Annual Governance Statement should therefore be signed yes by the council.

I was also able to confirm that the dates for the period of public rights are recorded in the minutes of the meeting where the AGAR was signed.

CONCLUSION

I am satisfied this internal control objective has been met.

N: PUBLICATION REQUIREMENTS

Internal audit requirement

The authority complied with the publication requirements for the prior year AGAR.

Under the Accounts and Audit Regulations 2015, authorities must publish the following information on the authority website / webpage.

Before 1 July 2026 authorities must publish:

- *Notice of the period for the exercise of public rights and a declaration that the accounting statements are as yet unaudited*
- *Section 1 - Annual Governance Statement 2025/26, approved and signed, page 4*
- *Section 2 - Accounting Statements 2025/26, approved and signed, page 5*

Not later than 30 September 2026 authorities must publish:

- *Notice of conclusion of audit*
- *Section 3 - External Auditor Report and Certificate*
- *Sections 1 and 2 of AGAR including any amendments as a result of the limited assurance review.*

It is recommended as best practice, to avoid any potential confusion by local electors and interested parties, that you also publish the Annual Internal Audit Report, page 3.

Audit findings

I was able to confirm that the Notice of the Period of Public Rights and Section 1 (Annual Governance Statement) and Section 2 (Accounting Statement) were published on the council's website before 1 July 2026.

The External Auditor's Report for 2025/26 was not qualified, has been published on the council website. **The template Notice of Conclusion of Audit has also been published although this has not been completed in accordance with the Accounts and Audit Regulations 2015 and must be accurately completed and published by the 30 September 2026 to meet the requirements of this internal control objective.**

The conclusion of the audit was reported to the council meeting held in August 2026 (minute ref 218).

CONCLUSION

I am not satisfied this internal control object has been met at this time. Please see the comments above and our recommended course of action in the table at the end of this report.

O. DIGITAL AND DATA COMPLIANCE

Internal audit requirement

The authority complied with laws, regulations and proper practices relating to digital and data compliance.

Audit findings

Requirements for 2025/26 under this internal control objective, and the associated Governance Assertion 10, were conducted on a 'light touch' basis, meaning councils simply had to publish the required information on their website before 31 March 2026.

For 2026/27 audit purposes, a more robust approach is being taken, and the council should refer to the guidance available in the Practitioner's Guide as well as the comments included below.

Website

I was able to confirm that the council website contains a Privacy Notice and a Website Accessibility Statement. **The Website Accessibility Statement correctly references partial compliance with the Web Content Accessibility Guidelines (WCAG) 2.2 AA but has no date of the most recent check and this must be added to evidence that the council has taken positive action to confirm the suitability of the statement.**

The council has an IT Policy in place which was last reviewed and approved by the council at the meeting held on 1 September 2025 and needs to be reviewed again before 31 March 2027 to meet the requirements.

Email management and GDPR

It was noted the council has a generic email address on a domain owned by the council and has established common email addresses for all councillors. This is recommended because it gives a natural segregation between work and personal lives, making it clear beyond doubt in what capacity a councillor is acting. In addition to this it gives control to the council, adds a degree of professionalism and in the event of a FOI request limits access to personal computers.

Data Protection

The SAPPP Practitioner's Guide contains the following regarding data protection:

5.124 To ensure compliance with data protection regulations, smaller authorities should:

- Conduct regular data audits to identify what personal data is held, how it is used and make sure it is processed lawfully.*
- Implement a Data Protection policy on data handling, storage and sharing.*
- Provide regular training to ensure all staff and members are trained on data protection principles and practices.*
- Secure data using appropriate technical and organisational measures to protect personal data from breaches.*

The Clerk confirmed that a data audit is in process and this will be completed before the end of the financial year.

The council has adopted a data protection policy which was last reviewed and approved by the council at the meeting held on 1 September 2025 and needs to be reviewed again before 31 March 2027 to meet the requirements.

The council is reminded of the need to conduct regular training for officers and councillors on data protection principles.

CONCLUSION

I am not satisfied this internal control object has been met. Please see the comments above and our recommended course of action in the table at the end of this report.

P. TRUSTEESHIP

Internal audit requirement

Trust funds (including charitable) – The council met its responsibilities as a trustee.

CONCLUSION

The council has no trusts and the testing for this internal control objective is not applicable.

Achievement of control assertions at final internal audit date

Based on the tests conducted during the interim audit, our conclusions on the achievement of the internal control objectives to date are summarised in the table below. Where any are marked 'no', guidance is provided as to the corrective action required by the council before the year-end internal audit to achieve a positive response.

	INTERNAL CONTROL OBJECTIVE	YES	NO	NOT COVERED
A	Appropriate accounting records have been properly kept throughout the year	✓		
B	This authority complied with its Finance Regulations, payments were supported by invoices, all expenditure was approved, and VAT was appropriately accounted for	✓		
C	This authority assesses the significant risks to achieving its objectives and reviewed the adequacy of arrangements to manage these	✓		
D	The precept or rates requirement resulted from an adequate budgetary process; progress against the budget was regularly monitored; and reserves were appropriate.	✓		
E	Expected income was fully received, based on correct prices, properly recorded and promptly banked; and VAT was appropriately accounted for	✓		
F	Cash payments were properly supported by receipts, all cash expenditure was approved, and VAT appropriately accounted for			✓
G	Salaries to employees and allowances to members were paid in accordance with the authority's approvals, and PAYE and NI requirements were properly applied.	✓		
H	Asset and investments registers were complete and accurate and properly maintained.	✓		
I	Periodic bank account reconciliations were properly carried out during the year.	✓		
J	Accounting statements prepared during the year were prepared on the correct accounting basis (receipts and payments or income and expenditure), agreed to the cashbook, supported by an adequate audit trail from underlying records and, where appropriate, debtors and creditors were properly recorded.	To be tested at final internal audit		
K	If the authority certified itself as exempt from a limited assurance review in the prior year, it met the exemption criteria and correctly declared itself exempt.			✓
L	The authority publishes information on a free to access website/webpage up to date at the time of the internal audit in accordance with the relevant legislation.	To be tested at final internal audit		
M	The authority, during the previous year correctly provided for the period for the exercise of public rights as required by the Accounts and Audit Regulations.	✓		
N	The authority complied with the publication requirements for prior year AGAR.		✓	
O	The authority has complied with laws, regulations and proper practices relating to digital and data compliance.		✓	
P	Trust funds (including charitable) – The council met its responsibilities as a trustee.			✓

Yours sincerely

Andy Beams

Director Mulberry Local Authority Services Ltd

Internal Audit – Summary of recommendations

Audit Point	Internal Audit Findings	Council comments
	I remind the council that in accordance with 4.11 of the Practitioner's Guide <i>'the independence of the appointed person or firm should be reviewed every year with regard to; personal independence, financial independence, and professional independence.'</i>	
B. FINANCIAL REGULATIONS, GOVERNANCE AND PAYMENTS	I remind the council that the Localism Act 2011, section 29 (7) states <i>'A parish council must, if it has a website, secure that its register is published on its website'</i> and I recommend the website is amended accordingly. I note the council publishes the non-confidential supporting documents, although these are currently published with the minutes and should accompany the agendas on the council website in accordance with the requirements of the Information Commissioner's Office (ICO). I note the footnote in this section of the Financial Regulations refers to requiring the council to use the Contracts Finder website – this has been superseded by the updated Procurement Regulations and the council is advised to ensure that whenever updating Standing Orders and Financial Regulations, the latest NALC template version is used to ensure any legislative changes are incorporated. The council is reminded that dual authentication via online banking is the preferred option, and the council should consider instigating this and updating the Financial Regulations accordingly to add an additional layer of security to making payments.	

G. PAYROLL	The Clerk has recently completed her probationary period, although this does not appear to have been formally noted by the council and I recommend this is completed.	
I. BANK AND CASH	I was able to confirm that the bank reconciliations have been verified in accordance with Financial Regulations, although evidence of this activity taking place does not appear to be recorded within the minutes of meetings and I recommend this is done in future.	
N. PUBLICATION REQUIREMENTS	The template Notice of Conclusion of Audit has also been published although this has not been completed in accordance with the Accounts and Audit Regulations 2015 and must be accurately completed and published by the 30 September 2026 to meet the requirements of this internal control objective.	
O. DIGITAL AND DATA COMPLIANCE	The Website Accessibility Statement correctly references partial compliance with the Web Content Accessibility Guidelines (WCAG) 2.2 AA but has no date of the most recent check and this must be added to evidence that the council has taken positive action to confirm the suitability of the statement. The council has an IT Policy in place which was last reviewed and approved by the council at the meeting held on 1 September 2025 and needs to be reviewed again before 31 March 2027 to meet the requirements. The council has adopted a data protection policy which was last reviewed and approved by the council at the meeting held on 1 September 2025 and needs to be reviewed again before 31 March 2027 to meet the requirements. The council is reminded of the need to conduct regular training for officers and councillors on data protection principles.
